Dear Jacqueline Dicquemare,

WDF 09-464, Preventing Diabetes and Improving Treatment Provided to Diabetics in Bénin.

On behalf of the Board of Directors and staff of the World Diabetes Foundation I would like to thank you, your organisation, the local project staff and the volunteers working on the project on the successful completion of the above project. The Foundation would like to express its deepest appreciation and admiration for the work that has been carried out in Benin. We would appreciate if you would convey our appreciation to all concerned.

The collaboration with the WDF secretariat has been efficient and smooth throughout the project period from February 2010 to December 2013.

We hope that the prevention, treatment and care activities for people living with diabetes will continue to benefit the people of Benin thereby ensuring sustainability to the initiative funded by the World Diabetes Foundation. We wish you all the best in your work.

Best Regards

Anders Dejgaard
Managing Director
